

Scenario 1 - Group ordering

Made by: Strawberry dumplings.

NAME: FIA
AGE: 25
MOTIVATION: CONVENIENT
ORDERING, TIME MANAGEMENT,
TEAM INTERACTION,
CONVENIENT PAYMENT AND
SOCIAL EXPERIENCE.

On weekdays, Fia turned on her phone and found a new message.....

It turned out that it was Fia's colleagues who planned to have dinner together later.

Fia opened the QR code and found that it could browse the menu.

It can also invite colleagues to choose food together

Payment can be made after selection is completed

Scenario 1 - Group ordering

Made by: Strawberry dumplings.

When it was time to eat, everyone went to the appointed restaurant.

Fia picked up her phone and scanned the QR code at the front to notify the restaurant of their arrival.

She remembered the table number displayed after successful mobile payment.

After a while, their food was delivered to their table.

Everyone enjoyed their food and had fun talking about work.

Scenario 2 - Personal ordering

Made by: Strawberry dumplings.

NAME: KAE
AGE: 20
MOTIVATION: ORDER FOOD
CONVENIENTLY, SAVE TIME,
CHOOSE THE FLAVOR
INDEPENDENTLY, AND FILTER
THE DISTANCE OF THE
RESTAURANT.

Kae is in school and has only 1 hour of break at noon, but he is very hungry and wants to eat pizza.....

Suddenly, he had an idea.

He took out his phone and opened the smart restaurant app.

He first selected restaurants according to their distance from the school.

Then filter the food into pizza.

Scenario 2 - Personal ordering

Made by: Strawberry dumplings.

The app then recommends restaurants for him based on his choices.

He browsed the menu, made a reservation and paid.

Then go to this pizza restaurant, when he arrived, his pizza was being made.

After a while, his pizza was delivered to his table.

He was full and took away the extra pizza.

Then he returned to school and was full of energy preparing for the afternoon classes.

Made by: Strawberry dumplings.

NAME: TIN
AGE: 24
MOTIVATION: GET RESTAURANT
RECOMMENDATIONS AND
FOOD QUICKLY AND EASILY,
SAVE TIME AND MEET HEALTH
NEEDS

This day is the same as a
normal exercise day, Tin is
exercising in the gym.....

10mins have passed and she
has been exercising.....

15 minutes passed.....

45 minutes passed.....

Time has passed.....

Scenario 3 – Special needs

Made by: Strawberry dumplings.

Tin feels the need to refuel and wants to eat something low-fat for dinner.

She opened the smart restaurant APP. Tin spoke her thoughts into her phone.

The screen displayed the recommended low-fat restaurant near.

She successfully completed the payment.

When she arrived, her salad had just been prepared and placed on her table.

After she finished eating, she back to home, The whole took less half an hour.
